

Richie Sambora - Stranger In This Town

tom: [Intro] A E Gbm E D (2x)

Gbm C
 Hey mister can you tell me
 What this world's about
 It might just help me out
 I used to be a dreamer
 But my dreams have burned
 You know how luck can turn

[Ponte]
 Sometimes it's hard to find a friendly face
 Feel like a stranger to the human race
 It's such a lonely, lonely place

[Refrão]
 I walk alone in the darkness of the city
 Got no place to call home
 I might be dyin'
 But you can't hear a sound
 'Cause midnight rain is comin' down
 I'm just a stranger, a stranger in this town

Everybody loves a winner
 Till the winners lose
 And then it's front page news
 Nobody loves a loser
 When you're down and out
 You know there ain't no doubt

[Ponte]

 I'm just a victim of circumstance
 Please mister give me a helping hand
 Brother won't you understand
