

# Richie Sambora - Stranger In This Town

tom: [Intro] A E Gbm E D (2x)

Gbm C  
 Hey mister can you tell me  
 What this world's about  
 It might just help me out  
 I used to be a dreamer  
 But my dreams have burned  
 You know how luck can turn

[Ponte]  
 Sometimes it's hard to find a friendly face  
 Feel like a stranger to the human race  
 It's such a lonely, lonely place

[Refrão]  
 I walk alone in the darkness of the city  
 Got no place to call home  
 I might be dyin'  
 But you can't hear a sound  
 'Cause midnight rain is comin' down  
 I'm just a stranger, a stranger in this town

Everybody loves a winner  
 Till the winners lose  
 And then it's front page news  
 Nobody loves a loser  
 When you're down and out  
 You know there ain't no doubt

[Ponte]

I'm just a victim of circumstance  
 Please mister give me a helping hand  
 Brother won't you understand  
 [Refrão]  
 I walk alone in the darkness of the city  
 Got no place to call home  
 I might be dyin'  
 But you can't hear a sound  
 'Cause midnight rain is comin' down  
 I'm just a stranger, a stranger in this town

(solo base) A E Gbm D (2x)

[Ponte]  
 I'm just a victim of circumstance  
 Please mister give me a helping hand  
 Brother won't you understand  
 [Refrão]  
 I walk alone in the darkness of the city  
 Got no place to call home  
 I might be dyin'  
 But you can't hear a sound  
 'Cause midnight rain is comin' down  
 I'm just a stranger, a stranger in this town  
 I mean no danger, i'm a stranger, i'm a stranger  
 I'm a stranger in this town  
 I mean no danger, i'm a stranger  
 I'm just a stranger in this town
