

Rick and Morty - Glory To Glorzo (feat. Dan Harmon)

tom:
C

Well, I was hatched from
An egg laid by some guy
'Cause that is Glorzo's way

And then it came time
To lay my own egg and die
But Summer, she said
"Hey, Glorzo wants you to stay"

Glory to Glorzo
Means glory to me

If we're only making eggs
Are we ever making Glorzo free?
(C F C F)

And for all we know
Everything we've known
Is just some shit we made up

Glory to Glorzo
Means glory to me
We got too many eggs
And not enough society
