

# Rick and Morty - Glory To Glorzo (feat. Dan Harmon)

tom:  
C

Well, I was hatched from  
An egg laid by some guy  
'Cause that is Glorzo's way

And then it came time  
To lay my own egg and die  
But Summer, she said  
"Hey, Glorzo wants you to stay"

Glory to Glorzo  
Means glory to me

If we're only making eggs  
Are we ever making Glorzo free?  
( C F C F )

And for all we know  
Everything we've known  
Is just some shit we made up

Glory to Glorzo  
Means glory to me  
We got too many eggs  
And not enough society
