

# Rick and Morty - Tiny Rick Song

Tom: **D**  
 Intro: Alright everybody, this next one's coming straight from the heart  
 Making the lyrics up right off the top of my head

Let me out, what you see is not the same person as me  
 My life's a lie, I'm not who you're looking at let me out, set

me free, I'm really  
 old This isn't me My real body's slowing dying in a vat  
 Is anybody listening, can anyone understand  
 Stop looking at me like that and actually help me  
 Help me, help me I'm gonna die!!
