

# Righteous Brothers - Youve Lost That Loving Feeling

Tom: **Gb**

This is one of the greatest songs of all time. The movie's awesome too! Please note that I added in distortion, but not at all to make it more modern-sounding. During the verses on the actual recording, it seems kind of soft, and during the chorus, it sounds more full(?), and I feel that distortion supplies the proper effects for this, but that's just me.
