

Rihanna - If It's Lovin' That You Want

Tom: **Bb**

Bb Cm Bb F

I want to let you know
That you don't have to go
Don't wonder no more
What I think about you

If it's loving that you want
you should make me your girl, your girl
If it's loving that you need
baby come and share my world, share my world
If it's loving that you want
come and take a walk with me, with me
If it's everything that you need
I got it right here baby, baby

Now it's obvious to need a friend to come hold you
down
Be that one you share your everything when no one's
around
Baby come tell me your secrets, and tell me all your
dreams
'Cause I can see you need someone to trust
You can trust in me

Di di bi di bi da bi di bi da bi dey
So just call me whenever your lonely
Di di bi di bi da bi di bi da bi dey
I'll be your friend, I can be your honey

If it's loving that you want
Then you should make me your girl, your girl
If it's loving that you need
Then baby come and share my world, share my world
If it's loving that you want
Then come and take a walk with me, with me
If it's loving that you need
I got it right here baby, baby

It been so long I've had this feeling
That we could be
Everything we've ever wanted baby
Your fantasy
I won't push to hard or break your heart
'Cause my love's sincere
I'm not like any other girl you know

So let me erase your fears

Di di bi di bi da bi di bi da bi dey
So just call me whenever your lonely
Di di bi di bi da bi di bi da bi dey
I'll be your friend, I can be your honey

If it's loving that you want
Then you should make me your girl, your girl
If it's loving that you need
Then baby come and share my world, share my world
If it's loving that you want
Then come and take a walk with me, with me
