

Rilson Dantas - Disrespect

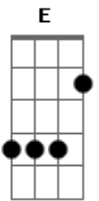

tom:
 I just wanna say sometimes you make real my pain
 When you're around me I don't know who I am
 What can I do? I don't wanna talk about you
 I wanna know you I supposedly
 Do everything for you
 It's everything too quite
 I wanna leave you and try to live my life
 I walk down the street alone in this shit but
 I wanna leave you and try don't be surprised
 If I across the line and forget you
 I'll be better I will wake up
 Stop with this fucking lies
 And tell me what you can do
 You control all situations with your disrespect
 Your tears are not true
 I wanna know you I supposedly do
 Everything for you

It's everything too quite
 I wanna leave you and try to live my life
 I walk down the street alone in this shit but
 I wanna leave you and try don't be surprised
 If I across the line and forget you
 I'll be better I will wake up
 You may run a mile the ?The war is over?
 You may call me crazy but i'm not in love
 I wanna see you, I wanna hear you
 Saying ?i'm sorry? ya hurted me
 With your seriousness?
 And I am saying ?i'm not furious?
 I'm stuck in this dream but I
 I wanna leave you and try to live my life
 I walk down the street alone in this shit but
 I wanna leave you and try don't be surprised
 If I across the line and forget you
 I'll be better I will wake up
