

# Ringo Starr - All In The Name Of Love

tom:

Intro: C D G G  
C D G

[Primeira Parte]

Well, the things you say, and the things you do  
Baby, someday will come back on you  
It's time to reach and turn another page  
You can slip and fall all along the way  
Not much thought about it that I can say  
Everybody knows it's all in the name of love

[Segunda Parte]

Well, you play the game, but you just can't win  
They put you at the back and start all over again  
You place your bets, you say it fits you like a glove  
Then you dream away, you dream again  
Until your dream comes true, my friend  
'Cause everybody knows it's all in the name of love

[Refrão]

Said, it's all in the name, all in the name  
No matter how you try, it's never, ever the same  
It's all in the name, all in the name of love

[Solo] C D Bm Em  
C D G

[Ponte]

Some say the man is crazy  
Others gentle as a dove  
But it's all in the name  
(All in the name, all in the name, all in the name)  
All in the name of love

[Refrão]

It's all in the name, all in the name  
No matter how you try, it's never, ever the same  
It's all in the name, all in the name of love

[Ponte]

Some say the man is crazy  
Others gentle as a dove  
Everybody knows it's all in the name of love

[Refrão Final]

Yes, it's all in the name, all in the name  
No matter how you try, it's never, ever the same  
It's all in the name, all in the name of love

Yes, it's all in the name, all in the name  
No matter how you try, it's never, ever the same  
It's all in the name, all in the name of love

Yes, it's all in the name, all in the name
