

Ringo Starr - Give It A Try

tom:

Intro: C E7 F G

[Primeira Parte]

Everybody has a dream that they hold on to
 But what can they do
 To make it come true

[Segunda Parte]

Everybody has a whole lot of life to live
 But you've got to sit back
 Oh, you gotta relax

[Chorus]

You've got to love every breath you breathe
 Look at the sky and believe (oh yeah)
 Smile a little more as life goes by
 With love in your eyes
 Just give it a try, give it a try

(C E7 F G)

[Terceira Parte]

If you're tired of looking over your shoulder, it's time
 To take a look at yourself
 Don't be left on the shelf

[Quarta Parte]

C E7 F A

Acordes

In the end, you will surrender and then you'll be fine

Like everyone else

You'll be back in yourself

[Chorus]

You've got to love every breath you breathe
 Look at the sky and believe (oh yeah)
 Smile a little more as life goes by
 With love in your eyes
 Just give it a try, give it a try

[Ponte]

Everybody makes mistakes sometimes
 It's all right (alright), it's all right (alright)
 But you can have a better life my friend
 Here in the light
 One day at a time and your life will shine

[Chorus]

You've got to love every breath you breathe
 Look at the sky and believe (oh yeah)
 Smile a little more as life goes by
 With love in your eyes
 Just give it a try, give it a try
 Why kiss it goodbye (bye, bye), just give it a try

[Final] C E7 F C
