

# Ringo Starr - Walk With You

Tom: D

(intro) D G D G D A7 D

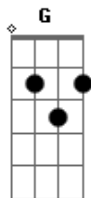

D G D G D A7 D  
 No man is an island who has been in love  
 Bringing understanding every push and shove  
 Just as fundamental as the stars above  
 Bm G D  
 It is benefitting every hand in glove  
 D A  
 And you tell me it's a cold day in hell when you surrender  
 A  
 For love and a chance to remember  
 A A A A  
 What we have to hold \_ is more silver and gold  
 D D  
 When i walk with you, when i talk with you  
 G D  
 everything will be fine,  
 D D  
 When i walk with you when i talk with you,  
 G D A7 D  
 everything will be fine, will be fi...ne  
 D G D  
 It's coincidental we have met before  
 D G D  
 Let this be the time and place that we explore  
 D G D  
 With no hesitation knocking at that door  
 Bm G D

Open up your heart and love forever more  
 D A  
 And i tell you it's a cold day in hell but we remember  
 A  
 That song that starts out love me tender  
 A A7  
 And that king of hearts  
 D D  
 When i walk with you, when i talk with you  
 G D  
 everything will be fine,  
 D D  
 When i walk with you when i talk with you,  
 G D A7 D  
 everything will be fine, will be fi...ne  
 Em  
 Picking up the picture of love in pain  
 D  
 I don't have time if what time remains  
 G A7  
 What i have just tried to explain flew by you  
 Em  
 What can i do with a heart of steel  
 D  
 I would impart what i've come to feel  
 G  
 Love is the answer and it is real  
 Bm A7  
 I'll always be there beside you  
 D  
 When i walk with you??. ( chorus 2x )
