

RINI - Meet Me In Amsterdam

Intro: Dm7 Am7

I would sail across the world

Row this boat from dusk till dawn

To a place where we belong

Girl your body is calling me

There ain't no sunshine, no sunshine

Where I was before

But I found the love the warmth in your arms

Won't you come closer?

Let it take over

I don't need anything, I just want you

When I saw her in my dreams

Never thought it meant a thing

Till I felt and touched her skin

When she smiles, my knees go weak

There ain't no sunshine, no sunshine

Where I was before

But I found the love the warmth in your arms

Won't you come closer?

Let it take over

I don't need anything, I just want you

If there is a next time

If there is a next time

Meet me in Amsterdam

Meet me in Amsterdam

Meet me in Amsterdam

Meet me in Amsterdam

Meet me in Amsterdam

Meet me in Amsterdam

Meet me in Amsterdam

Meet me in Amsterdam

Meet me in Amsterdam

Meet me in Amsterdam
