

# Rise Against - Architects

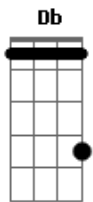

Tom: Db

(com acordes na forma de Capostrate na 1ª casa C)

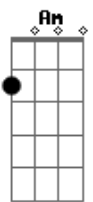

Am G  
Are there no fighters left here any more?  
Am G  
Are we the generation we've been waiting for?  
Dm  
Or are we patiently burning  
Em Am G  
Waiting to be saved?  
Am G  
Our heroes and icons have mellowed with age  
Am G  
Following rules that they once disobeyed  
Dm  
They're now being led  
Em Am  
When they used to lead the way  
F C  
Do you still believe in all the things  
G Em  
that you stood by before?  
F C  
Are you out there on the front lines  
G Am G  
Or at home keeping score?  
F C G Am  
Do you care to be the layer of the bricks that seal your fate?  
F G  
Or would you rather be the architect of what we might create?  
Am G  
They laid out the blueprints, they poured down a base  
Am G  
Concrete solutions to slow our decay  
Dm  
And when they are gone  
Em Am G  
Who the fck's gonna take their place?  
Am G  
Will it be the cynics, the critics galore?  
Am G  
Cliche apathetic passed out on the floor  
Dm Em Am  
The trusting complicit who collectively ignore  
F C

Do you still believe in all the things  
G Em  
that you stood by before?  
F C  
Are you out there on the front lines  
G Am G  
Or at home keeping score?  
F C G Am  
Do you care to be the layer of the bricks that seal your fate?  
F G  
Or would you rather be the architect of what we might create?  
Am  
Don't you remember when you were young  
Am Dm  
And you wanted to set the world on fire?  
Em Am  
Somewhere deep down, I know you do  
Am  
And don't you remember when we were young  
Am Dm  
And we wanted to set the world on fire?  
Em Am  
Because I still am and I still do  
G F  
Make no mistake we are not afraid  
C  
To bear the burden of repeating  
Am  
What they're thinking anyway  
G F  
Let's raise the stakes on the bet we made  
C  
Let's decide to be the architects  
Am G  
The masters of our fate  
F C  
Do you still believe in all the things  
G Em  
that you stood by before?  
F C  
And after everything we've seen here  
G Am G  
Maybe even more  
F C G Am  
And I know we're not the only ones we were not the first  
F G Am  
Unapologetically we'll stand behind each word
