

# Rise Against - Injection

Tom: B

Abm E  
 Gb  
 Do you spend your days counting the hours you're awake?  
 Abm E  
 Gb  
 And when night covers the sky you find yourself doing the same  
 Abm E  
 Gb  
 It's a burden you've been bearing in spite of all your prayers  
 Abm  
 As a light turns off inside your heart  
 E Gb  
 Can you remember what it's like to care?  
 Ebm Gb  
 Knees are weak, hands are shaking, I can't breathe

Abm  
 So give me the drug, keep me alive

E  
 Give me what's left of my life

B Gb  
 But let me go, whooaa

Abm  
 Pull this plug, let me breathe

E  
 On my own, I'm finally free

B Gb  
 And let me go, whooaa

Abm  
 Abm E  
 Gb  
 The trail of crumbs you left somehow got lost along the way  
 Abm E Gb  
 If you never meant to leave then you only had to stay  
 Abm E  
 Gb  
 But the memories that haunt us are cherished just the same  
 Abm E Gb  
 As the words that bring us closer to the sky

Gb  
 No matter how I pray that I fall through these clouds  
 Leaves me screaming....

Abm  
 So give me the drug, keep me alive  
 E

Give me what's left of my life

B Gb  
 But let me go, whooaa

Abm  
 Pull this plug, let me breathe

E  
 On my own, I'm finally free

B Gb  
 And let me go, whooaa

Abm E  
 This grip loosens but it never breaks  
 (NEVER BREAKS!)

Gb E  
 We carry nothing but a name you will forsake

Abm E  
 Your words are always there to break my fall  
 (BREAK MY FALL!)

Gb E  
 And I might find the comfort to see through it all

Abm E  
 Guide me through uncharted waters

Gb E  
 Before we lose our way again

Abm E Gb  
 Will you be my compass until forever?

E  
 Until forever ends!?

Ebm Gb  
 Knees are weak, hands are shaking, I can't breathe

Abm  
 So give me the drug, keep me alive

E  
 Give me what's left of my life

B Gb  
 But let me go, whooaa

Abm  
 Pull this plug, let me breathe

E  
 On my own, I'm finally free

B Gb  
 To let me go, whooaa

(Abm E B Gb )  
 So let me go, whooaa  
 So let me go, whooaa

G#m
