

# Rise Against - Prayer Of The Refugee

Tom: G

(ginal do riff acima completar com)

**Eb** Warm yourself by the fire son,  
**B**  
**Db** And the morning will come soon.  
**Ab**  
 I'll tell you stories of a better time,  
 In a place that we once knew.

**Eb** Before we packed our bags and we left all this  
**B**  
**Db** behind us in the dust,  
**Ab**  
 We had a place that we could call home  
 And a life no-one could touch.

**Eb** Don't hold me up now,  
**B**  
 I can stand my own ground  
**Db**  
 I don't need your help now,  
**B**  
 You won't let me down, down, down.  
 Don't hold me up now,  
 I can stand my own ground  
 I don't need your help now,  
 You won't let me down, down, down, ddoowwnn..

(riff)

**Eb** We are the angry and the desperate,  
**B**

**Db** The hungry and the cold.  
**Ab**  
 We are the one's who kept crying,  
 And always did what we were told.

**Eb** But we've sweaty when you slept so cold,  
**B**  
**Db** In the safety of your home.  
**Ab**  
 We've been pulling out the nails that holds up,  
 Everything you've known.

**Eb** Don't hold me up now,  
**B**  
 I can stand my own ground  
**Db**  
 I don't need your help now,  
**B**  
 You won't let me down, down, down.  
 Don't hold me up now,  
 I can stand my own ground  
 I don't need your help now,  
 You won't let me down, down, down, ddoowwnn..

**Ab** So open your eyes, so lets be on our way,  
**Gb** Broken windows and ashes guiding the way.  
**Ab**  
**Gb** Keep crying no longer we'll sing through the day,  
**E**  
**Eb** The lives that we've lost, the lives we've reclaimed.
