

# Rivers & Robots - Voice That Stills The Raging Sea

tom:

D

[Primeira Parte]

Wake up, we're only at the start of it

We're only at the edge of the ocean

And there's eternity to go

[Ponte]

And even in my searching

I know I'm only ever really just beginning

And even though You're endless

Lord, my joy is in the searching of Your heart

[Segunda Parte]

Father, Your peace surpasses everything

All thoughts and understanding

As I trust upon Your name

[Ponte]

And even on this ocean

With the waves all crashing over and around me

I put my trust in Your love

For Your voice has stilled the savagest of storms

[Refrão]

So let Your voice that stills the raging sea speak over me
