

Riverside - The Depth of Self / Delusion

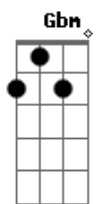

tom:

Intro: Gbm

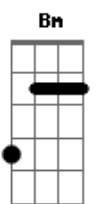

I could be foreign forever
 To your other-land
 I could be foreign forevermore
 To your promise-land
 One life was great
 But another
 No, I dont want to live on the edge
 I wont follow you I found my own
 I will stay
 I could be foreign forever
 To your hasten-land
 I could be foreign forevermore
 To your never-land
 One little brick then another
 And I will build that wall anyway
 You can find me there
 Rested and calm
 Without mask

This is where I will stay
 (Ab A B Gb Ab A B)
 Look around where we are
 Who we are
 What we always want
 Twenty four
 Seven three
 Sixty five
 Sometimes little more
 I was chasing your shadow
 Not knowing
 I d be-come your slave
 I could be foreign forever
 To your other-land
 I could be foreign forevermore
 To your promise-land
 One life was great
 But another
 No, I dont want to live on the edge
 I wont follow you I found my own
 I will stay
