Tom: E
Intro: E B E B E

Where have you been my little butterfly?
What are you doing Friday night?
Girl you should listen let me clarify
I'll drop you home before it's light

You should pick up your phone at a quarter to three
I'll be at your back door in my skinny white jeans

Girl you know it
When we're doing that thing we do Woah
And I know it
That you'll say you want me too Woah
I'll be sneaking in your window in the middle of the night
Hoping that your dad don't wanna fight
Girl you know it
When we're doing that thing we do
Yeah we're doing that thing we do
