Intro: C G Am F

[Primeira Parte]

How can someone be right here
and without a warning dissapear?
We were just talking on the phone
then in a moment a silent tone

[Pré-Refrão]

Why did you leave?
Why did you go?
When you leave
when did you go?

[Refrão]

I see you when I look to the stars
Eternal, eternal
We are
I feel it right here deep in my heart
Eternal, eternal
We are

[Segunda Parte]

I can still feel you next to me
Like a head on my shoulder
Thats insane
What if this life is just a dream?
We come and we go

Suddenly

[Pré-refrão]

Why did you leave?
Why did you go?
When you leave
when did you go?

[Refrão]

I see you when I look to the stars
Eternal, eternal
We are
I feel it right here deep in my heart
Eternal, eternal
We are

[Ponte]

I'll meet you somewhere
You and me
We'll be together
It's destiny
'Cause there is no ending
for you and me
I know you'll always be with me

[Refrão]

I see you when I look to the stars
Eternal, eternal
We are
I feel it right here deep in my heart
Eternal, eternal
We are
