Tom: D  
Intro: 2x: Bm G D A

Bm G D A Bm  
How did we get this far on our own steam, not slowing down  
G D A  
Chasing things that I thought weren't there to be beat,  
downstream but upbeat  
G D A Bm  
And there's not much to say but we've both been thinking how

A  
We can both stay alive, when the gears stuck in drive, but  
you're by my side

(single strumming)

G D  
And I tried to stay awake while you fell asleep  
A Bm A  
Still miles away from the company I keep  
G D  
And I honestly try to keep you mind  
A Bm A  
I know that I'm selfish and I know you don't mind

G D Bm A  
I've been dragging my heels in attempts to leave tracks  
G D Bm A  
Hoping that someday soon I can follow them back  
G D Bm A  
Cause we've both made mistakes and I'm paying for mine  
G D Bm A  
I'm further in distance for more of the time

Bm G D A  
It's not the same talking through a phone screen, we're losing  
out  
G D  
And I've been counting down the days, and I know you do the  
same  
A

And I know you do the same
