

# Rob Thomas - Time After Time

Tom: G

C D Bm C

(C G)  
Lying in my bed I hear the clock tick and think of you

(C G)  
Caught up in circles confusion is nothing new  
Flashback warm nights almost left behind  
Suitcase of memories time after

(C G)  
Sometimes you picture me I'm wal-king too far ahead

(C G)  
You're calling to me I can't hear what you've said  
Then you said - go slow I fall behind  
The second hand unwinds

D Em C D G  
If you're lost you can look and you will find me time after time

D Em C D G  
If you fall I will catch you I'll be waiting time after time

(C G)  
Af-ter my picture fades and darkness has turned to grey

(C G)  
Watching through win-dows you're wondering If I'm O.K.

C D Bm C D Bm  
Se-crets sto-len from deep inside

the drum beats out of time
