

Robbie Williams - Fairytale

tom:

D

[Primeira Parte]

D Raise up your glass, mighty heathen
Bm Raise it up while we're still breathin'
G You and I don't need a season
Bm To start it all off for no reason

[Pré-Refrão]

Em Here we come
Em Howlin' at dawn at the sun
Em Bring a friend
A We'll need someone to blame when we're done
Two, three, four

[Refrão]

G I hear them callin', the angels are singin'
D From far away
G When I get this feelin' then I start believin'
D In fairytales
Bm Even though sometimes we're driftin' apart
E 'Tis the season to make a new start
G 'Cause I believe in Christmas

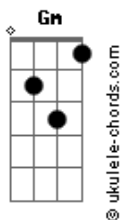

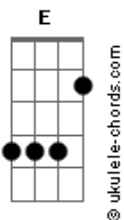

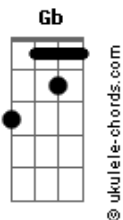

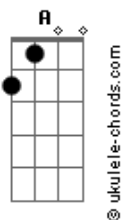

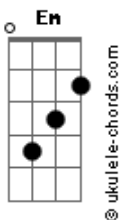

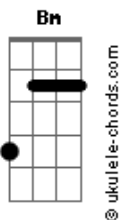

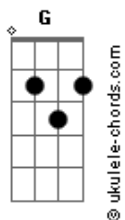

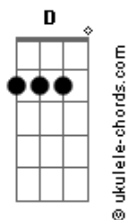

[Segunda Parte]

D Next year, I'll wish you more laughter
Bm And plenty of whatever you're after

[Pré-Refrão]

Em Here we come
Em Let's howl at the moon then the sun
Em Laugh along
