

# Robbie Williams - Ghosts

Tom: D

D D  
Here I stand victorious

G G  
The only man who made you come

D D  
When you cried, you cried for us

G A  
And when we died, you died alone

G  
Gravity's calling

A  
Don't go home

G  
Where are we

D  
Did what I could

D  
For one of us

G  
I always thought it was for you

D  
And when I lied

D  
Oh I lied for us

G A  
Because you never heard the truth

G  
I am lying alone tonight

A  
Don't go home

G  
Where are we

D G  
If we are ghosts (A long long time ago)

D G  
It looks like we could have made it baby

D G  
We are ghosts (A long long time)

D  
Me and you

A G  
We are ghosts (A long long time ago)

D  
We could have made it

A G  
We are ghosts (A long long time)

D  
Me and you (Ago)

D  
Look at the time its taken me

G

To get away from what was said

D  
I'll never leave

I'll always love

G A  
You know that all those words are dead

G  
Buried in yours tonight

A  
Move aside

G  
I'm taking you home

D  
On the radio

She was that summer song

G  
Packing them in

Making them dance

A law of her own

D  
Taking the time to sing it

G  
I don't need you

A  
But I'm lost

G  
I'm lost without you tonight

A  
Have you no heart

G  
Where are we (Everybody sing it)

D  
Ghosts

G  
We love like ghosts

D  
We are ghosts

G  
They're taking down our satellite

We are ghosts

A  
Josephine

G  
I'll follow your star tonight

We are ghosts

A  
If not tonight

G  
Then when will she say (Everybody sing it)

D  
We're not ghosts

## Acordes
