Tom: **G**

D - **C** - **G** - **E** (2x)

D
Don't fight the feeling, relax **C**

Oh child the knot's in your back **G**

'Cause you've been holding on

E
I feel you when you're reaching out **D**

C
I'll talk you through memories

G
Just keep breathing with me

It's time to hold my hand

E **D**
And walk into the revolution

C
When there's no one to touch

G
And you've been thinking too much

You only hurt yourself

E **D**
When it's all about retribution

C
I see the pain in your face

G
And praying rare for this space

It's time to lead you on

E **Bm**
C'mon, it's a revolution

C
When you can't keep on keeping on

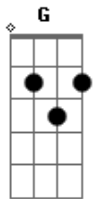

G **Gb**
And everything you lean upon is all but gone

Bm **E**
Everybody falls sometimes

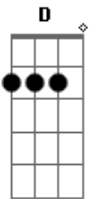

A
But love shines on

A7
And on and on and
