

Robbie Williams - Sin Sin Sin

```
Intro: C
Don't let your eyes tell the brain
You should feel ashamed
Everyone needs it baby
And I feel the same
Didn't quite catch your name
Hush, hush, hush don't say a thing
Lets see what the night will bring
It might be everything
Oh it hurts when you're too blind to see Dm G Dm
Please don't read my mind I tell the truth to me
Sin sin sin
Look where we've been Dm G
And where we are tonight
Hate the sin not the sinner
I'm just after a glimmer of love {\color{red}\mathbf{G}}
and life deep inside
Hush hush hush
To speak is a sin
And neither of us need rescuing
Just relax
It's what Jesus would do
We're made in his image baby
Let's ride this thing through
