

Roberto Menescal - Alquimista

Tom: D

Padaba... Padabada... Pada

Nas águas desse rio indo para o mar, iremos navegando sempre sem

Parar, e vendo tantas nuvens brancas no azul, esquece a madrugada

Triste que passou o dia está nascendo vem olhar o sol as vezes

Vem voando pelo nosso amor repare a poesia é tanta alegria

Não chora nunca mais vem vamos amar em paz que o dia traz mil

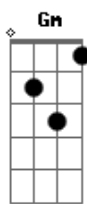

Cores diferentes nesse amanhecer encantos que são vistos só por

Quem amou iremos navegando sempre sem parar, o dia está nascendo

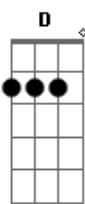

Vem olhar o sol, as aves vem voando pelo nosso amor repare a

Poesia é tanta alegria não chora nunca mais, vem vamos amar em paz
