

# Robi Rosa - Crash Push

Tom: F

INTR: Dm Am Dm Am

Dm  
Crash  
Would you like me to forget myself  
Or loose myself in you?  
Push  
Just one push will do  
When I?m overboard drowning in you

I hear whispers slowly  
And soon our lips will be near  
In between the day and night  
I?ll step into the blue twilight  
Catch me darling catch me

Refrão  
Hold me back  
I think I?m falling over you  
What did you do?  
Help me now  
I?m loosing me into you  
What did you do?  
What did you do?

Walk  
I walk a line that leads to you  
Waiting, anticipating  
Desire, has no safety

She leads you on a road going crazy

I hear whispers slowly  
And soon our lips will be near

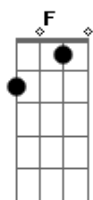

Refrão  
Hold me back  
I think I?m falling over you  
What did you do?  
Help me now  
I?m loosing me into you  
What did you do?  
What did you do?

In between the day and night  
I?ll step into the blue twilight  
Catch me darling catch me

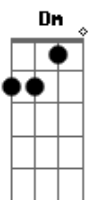

Hold me back  
I think I?m falling over you  
What did you do?  
Help me now  
I?m loosing me into you  
What did you do?  
What did you do?

Help me now  
I?m loosing me into you  
What did you do?  
What did you do?
