

## Rock Em Dobro - Here I Am

```
Em7 D G
                                                                           The day is all mine
                                 tom:
                   Db (forma dos acordes no tom de D )
                                                                                D
                                Afinação: Eb Ab Db Gb Bb Eb
                                                                           But I have to find out why
Intro: D Bm7 A
                                                                             Bm G
         G G7M G
                                                                           I feel I can go higher, higher
                                                                           And here I am
                                                                                 Bm7
                                                                           Being all I am
                                                                           Nothing's like before
                                                                           Let me understand
I know I said goodbye
                                                                                  Bm7
                                                                           Tell me if you can
  Bm7
I know you didn't cry
                                                                           Tell me if you can
I wanna know if everything will be fine
                                                                           And here I am
I had to prove many times
                                                                                 Bm7
                                                                           Being all I am
Love is like sunshine
                                                                                         G
                                                                           Nothing's like before
Warms the soul without burning inside
                                                                                   D
           Em7
                 D G
                                                                           Let me understand
And all I need is to feel
                                                                               Bm7
                                                                           Tell me if you can
The love between us is real
                                                                           A G
                                                                           Let me understand
And here I am
    Bm7
                                                                           And here I am
Being all I am
                                                                                В
                                                                           Being all I am
Nothing's like before
                                                                           Dbm7
                                                                           Nothing's like before
       D
                                                                                  F
Let me understand
        Bm7
                                                                           Let me understand
Tell me if you can
                                                                                   В
      Em7 D G
                                                                           Tell me if you can
What made me lose control
                                                                                     Dbm B
                                                                           What made me lose control
                                                                           Dbm B
                                                                                      A2
Your eyes touched my heart
                                                                           Me lose control
   Bm7
                                                                           Dbm B
And I remember the time
                                                                           Me lose control
You said our love would never die
                                                                           [Final] E B Dbm7 A2
