Rod Stewart - Stop Loving Her Today

```
                          tom:
                Ab (forma dos acordes no tom de G )
Capostraste na 1ª casa
Intro: A  A  A  A  A  A
       D  D  D  D  D  D

A    A  A                A  A  A         D  D  D  D  D  D
Eyes,        look beyond the beauty,   that lies before you
    A   A  A          A   A  A
And lips,         say goodbye to her
           D  D  D  D  D  D
Though she adores you
    Bm                      E
And legs, if you know what's good for you
             Gbm           B7
You'll stand up and walk away
    Bm                  E           D
And heart, you'll stop loving her, today
A                   A  Bm
If you stop loving her today
                Bm           E    D  E  E7
You'll save yourself a lot of pain, ah,  ah
            A                   D
Cause she belongs, to someone else
    A        Bm
And that ain't gonna change
    Bm       E                          D
You know the only way, stop loving her today, today

( A  Bm  Bm  E  D  E  E7 )
```

```
              A                 D
Cause she belongs, to someone else
    A        Bm
And that ain't gonna change
    Bm       E
You know the only way
                 D
Stop loving her today, today
A    A  A           A  A  A
Ears,        don't even listen
       D     D  D  D    D  D
To her tears,       as they fall
     A     A  A               A  A  A
Even though,        they make the loudest
         D   D  D  D  D  D
Saddest sound of all
    Bm                      E
And arms, if you know what's best for you
            Gbm          B7
You'll let go, right away
    Bm                  E            D                A
And heart, you'll stop loving her today, today, yeah
                    A  Bm
If you stop loving her today
                Bm           E    D  E  E7
You'll save yourself a lot of pain, ah,  ah
                A                 D
Cause she belongs, to someone else
    A        Bm                Bm       E
And that ain't gonna change, you know the only way
                    D               A              D  E  A
Stop loving her today, just walk away, walk away
```
