

Rodrigo Cruz - Elemento Perfeito

Tom: A

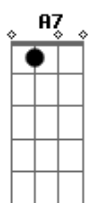

Eu penso em ti toda noite
 Meu pensamento sempre está em você
 Eu pego o telefone e te ligo só para ouvir tua voz
 E quando falo contigo parece que o coração vai pular do peito
 Parece até mentira mas estou amando um elemento perfeito
 E é você que me faz respirar diferente
 Faz o coração disparar

que toma conta da gente
 E que me faz viajar
 E que me faz viajar
 você me vira a cabeça meu amor
 Você é a minha princesa
 Não sei o que faria sem você
 porque eu te amo tanto
 Você consegue me virar de ponta cabeça
 Você é o motivo do meu viver
