

Rogério Carvalho da Silva - Gasoline

Tom: A

When I'm riding on the road with my pan head I can see
 How the life can be better with the sky over me
 There's no problems if I have s few dollars
 I can buy some gasoline
 Freedom, this my way to leave
 When I was in California my mother told me
 Life is short, you must go, have a lot of things to see

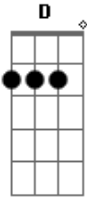

There's no problems if I have some Jack
 I can wash my past
 Freedom, this my way to leave

When I look to my bike I can see all my life
 Every smile, every tears, was wrote on my wheels
 There's no problems if I have some sadness
 I can ride away
 Freedom, this my way to leave
 Freedom, this my way to leave
