Tom: C

## VERSE

You have watched the storm clouds roll  
 Past the lighthouse and the shore  
 Beyond the breakers they do go  
 Where they'll end up I don't know  
 And when this weather finally breaks  
 I wanna feel the sun upon my face  
 Although many things will change  
 That is one which stays the same

## CHORUS

And all the tears I've cried  
 If I can make it there, I'll see you on the other side  
 All I never learned  
 Cause I'm a thousand miles from Atlanta  
 Beneath a thousand pounds of hurt

## VERSE

In this desert where I sleep  
 You wait for rain like it's make believe  
 Where I'm from, the earth she bleeds  
 Dark red clay beneath my feet  
 And if I'm forced to travel on  
 And end up further from my home  
 To live forever here alone  
 Well I don't think I'll last this long

## CHORUS

And all the tears I've cried  
 If I can make it there, I'll see you on the other side  
 And all I never learned  
 Cause I'm a thousand miles from Atlanta  
 Beneath a thousand pounds of hurt

## VERSE

Seems this road just does not end  
 And I am dead to all my friends  
 If I could compromise or bend  
 Perhaps I might be born again  
 And as I wait for shooting stars  
 On a night that's painful dark  
 I fall asleep in moving cars  
 When I wake up I won't care where we are

## CHORUS

And all the tears I've cried  
 If I can make it there, I'll see you on the other side  
 And all I never learned  
 Cause I'm a thousand miles from Atlanta  
 Beneath a thousand pounds of hurt
