D                   G        D
 In a Mississippi hotel room
       Bm       A      G
 I was wounded and confused
       Bm            A        G
 As I watched the 10 o'clock news
D                   G         D
 I was waiting on a late night call
       Bm       A        G
 That I knew would never come
               Bm        A        G
 And though I doubt it's what you'd want
D                  G        D
 I call you from the steps outside
         Bm      A      G
 You say you were fast asleep
         Bm     A       G
 And every lie, it tortures me
         Bm       A        G
 I can't kill what does not bleed
                        A
 So please explain

 Bm  A   G    D   A
 Can you tell me what it is you need?
       Bm  A   G    D   A
 'Cause I've been trying, still I cannot see
       Bm  A   G    D   A
 These wasted moments brought me to my knees
       G                 A
 I just wanna give you everything

D D G D D D D (D D )

D                   G        D
 If morning is my darkest time
       Bm      A        G
 In the night I sometimes find
       Bm      A        G
 There is comfort without lie
D                  G       D
 I've been living with no hope
       Bm       A      G
 It was a shame to let it go
           Bm       A       G
 But it was drowning me so slow
D                   G        D
```

```
I've never felt so far away
       Bm        A       G
 From the boy I used to be
         Bm       A      G
 And I wonder what he'd see
         Bm       A       G
 From the corner of some ship
                  A
 He met me today

 Bm  A   G    D   A
 Can you tell me what it is you need?
       Bm  A   G    D   A
 'Cause I've been trying, still I cannot see
       Bm  A   G    D   A
 These wasted moments brought me to my knees
       G                 A
 I just wanna give you everything

D                   G        D
 In the letter that you wrote me last
         Bm       A       G
 There were words that burned to hear
         Bm       A       G
 And red lipstick on the mirror
D                   G        D
 You said loving me's a great mistake
         Bm      A       G
 'Cause I have never loved myself
         Bm       A       G
 And I am sorry if you felt
           Bm      A       G
 that maybe you could offer help
                  A
 To someone like me

 Bm  A   G    D   A
 Can you tell me what it is you need?
       Bm  A   G    D   A
 'Cause I've been trying, still I cannot see
       Bm  A   G    D   A
 These wasted moments brought me to my knees
       G                 A
 I just wanna give you everything
