Tom: Eb

(com acordes na forma de
Capostrate na 3ª casa
Intro: C C F C

C)

VERSE:

I walk by the rivers edge
skipping smooth wet stones
& watching them sink

i never was a fan of innocence
ive got two black eyes
& an empty fifth of gin

Chorus:

& i see im wrong for you
but we try

you swear im hard to lay beside
if i was you i'd run from me most nights
maybe i was meant to be left behind

Verse:

C F

thunder and circumstances
beyond our control rumble in
counting time by the lines 'round your eyes
as your gentle caress helps me forget

Chorus:

& i think its time to say good night
& you swear im hard to lay beside
now years seem to pass as we blink our eyes
maybe i was meant to be left behind

Bridge:

by all of our heartfelt lies (X3)
are not enough this time

Chorus:

& i say i'd love to spend the night
but you found someone else to lay beside
& i know it makes sense
but its like sand in my eyes
maybe i was meant to be left behind
