

# Ron Pope - October Trees

Tom: C

Intro 2x: Gm G F G

Verse:

Am G F G  
 Wait for the light to come back on,  
 Am G F G  
 You seem lost. Your back against the wall.  
 Am G F G  
 It's cold outside, it is winter in your heart,  
 Am G F G  
 Your eyes go blind. You are shrouded in a fog.

Chorus:

C G Am C F  
 So can we change or is this surrender?  
 G Am C  
 I once loved your grace, and the innocence that  
 F G Am C  
 Fell from you like leaves spiral off October trees,  
 F G Am  
 You know I love you, what else do you want from me?

Verse:

Am G F G  
 The wind cuts through and it chills me to the bone,  
 Am G F G  
 The sunlight feels like a ghost it's so far gone,  
 Am G F G  
 A sad, old song keeps on ringing in my head,  
 Am G F G  
 The darkest time seems to be the miles ahead.

Chorus:

C G Am C F  
 So can we change, or is this surrender?  
 G Am C  
 I once loved your grace, and the innocence that  
 F G Am C  
 Fell from you like leaves spiral off the October trees,

 You know I love you, what else do you want from me?
