

Ronaldo Estevam - Down

```
Intro: (Em C ) - 2x
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  It's so hard for me staying away from you
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          Bm
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          I am very sad, I need you so much, % \left( 1\right) =\left( 1\right) \left( 1
                               When I feel like to see you
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         In this message short you cannot see,
And the night is cool, I miss you
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           I'm down, down without you,
                               Only my face can reveal,
I'm down, down, without you
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          Call me to invite,
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  Ab
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           Let's get out, let's dance,
Call me to invite,
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           Only you can cheer me up
Let's get out, let's dance,
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           Everything's so bad
Only you can cheer me up
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           I can only say I'm down,
Everything's so bad
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          Em
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           Cannot you see I'm down,
I can only say I'm down,
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           I can only say, (cannot see)
                                                                                                                                                                                                                                                                              Em
Cannot you see I'm down,
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           Solo: Em A
I can only say, (cannot see)
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           Sabadabadapapa Padapadapa Padapa
