

Roo Panes - Water Over Fire

Tom: C
Intro: C F C Am F C

Well I fear I never look on you again
That I've done enough to lose a truest friend
And I thought you'd never look me in the eye
Because of all that I've done within your sight

But then I read your face and your lips were spelling grace
And it's alright, it's alright, it's alright
And we were face to face as their tears put out the flames
And it's alright it's alright it's alright

You're like water over fire
Like water on fire
You're like water over fire
Like water on fire

Ooh ooh
Ooh ooh ooh

Well heat is not the only kind of haze

More than just the sun was lengthening the days
I lost ground when I turned away my face
But I could feel your gravity and I am longing for you ways
Cause when I read your face and your lips were spelling grace
And it's alright, it's alright, it's alright
And we were face to face as their tears put out the flames
And it's alright it's alright it's alright

You're like water over fire
Like water on fire
You're like water over fire
Like water on fire

Ooh ooh
Ooh ooh ooh

You're like water over fire
Like water on fire
You're like water over fire
Like water on fire
