

Roosevelt - Closer To My Heart

tom:

Intro: Ab Cm Fm Db Dbm

Been on the run
To feel you

Wandered far and wide
'Cause you are the sun
I need to

Lit the fire inside
And forevermore
You know I'm

Longing to be near
Like never before
Gonna show you

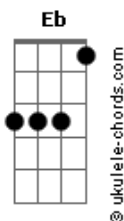

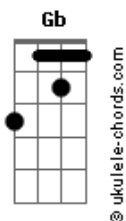

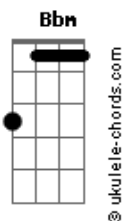

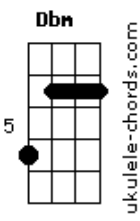

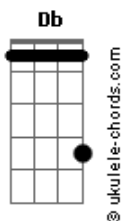

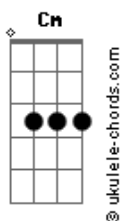

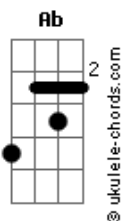

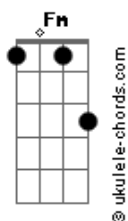

There's nothing left to fear

[Refrão]

Gonna keep you
Closer to my heart in this time

Keep you
Closer to my heart in this time

Acordes

(Ab Cm Fm Db Dbm)

Down by the lake
I saw you

You've been running away
From all that we had
I'd call you

Someone's going astray
And forevermore
You know I'm

Longing to be near
Like never before
Gonna show you

There's nothing left to fear

[Refrão]

Memories start fading out
But the night has just begun
How long have I been waiting now

Ain't it right
