

Roosevelt - Strangers

tom:

Intro: Ab Fm Cm Gm

Mirrors in the sun

Wanna keep you by my side

Morning just begun

Wanna fall into the night

'Cause you keep the love for yourself

Can he treat you like no one else

Did you hear the lies that you tell

But love will take us back, tonight

[Refrão]

You are fading away

We're strangers in the night

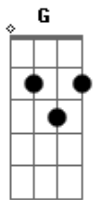

Hold on

There's no turning back

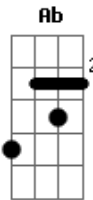

We're strangers in the night

Hold on

(Ab Fm Cm Gm)

Feel it in your touch

That things are not the same

Never needed much

But don't wanna play the game

'Cause you keep the love for yourself

Can he treat you like no one else

Did you hear the lies that you tell

But love will take us back, tonight

[Refrão]

You are fading away

We're strangers in the night

Hold on

There's no turning back

We're strangers in the night

Hold on
