Mês de Março em Salvador

O verão está no fim

Todo o mato está em flor

E eu me sinto num jardim

Quem sair do abaeté

Rumo à praia do Flamengo

Não de carro mas a pé

Pelas dunas, mato a dentro

Há de ver belezas tais

Que mal dá pra descrever

Tem orquídeas, gravatás

Água limpa de beber

Cavalinhas e teiús

Borboletas e besouros

Tem lagartos verdazuis

E raposas cor de ouro

Sem falar nos passarinhos

Centopéias e lacraus

Nas jibóias e nos ninhos

De urubus e bacuraus

Vejo orquídeas cor de rosa

Entre flores amarelas

Dançam cores, vão-se as horas

Entre manchas de aquarela

Desce a tarde, vem na brisa

Um cheirinho de alecrim

Canta um grilo, sinto a vida

Tudo está dentro de mim

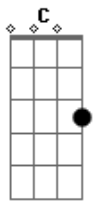

Mês de março em Salvador

O verão está no fim

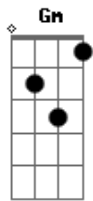

Todo o mato está em flor

E eu me sinto num jardim
