

Ross Lynch - Better Together

Tom: F

Uh-huh oh oh, uh-huh oh oh oh
 Sometimes, I get in my own way
 And need someone to say
 "Hey, what are you thinking?"
 Your words, they're always just in time
 Just like a perfect rhyme
 Like, you're not even trying
 Like pieces of a puzzle
 Without each other
 We're in trouble, trouble
 Hey, I will always stay
 By your side forever
 'Cause we're better together

Hey, there's no other way
 We'll make it through whatever
 'Cause we're better together
 Like the waves need the sand to crash on
 Like the sun needs a world to shine on
 You're the bright side of every day
 Me without you just isn't the same
 Hey, I will always stay
 By your side forever
 'Cause we're better together
 Hey, there's no other way
 We'll make it through whatever
 'Cause we're better together
 Uh-huh oh oh, uh-huh oh oh oh
