

## **Ross Lynch - Stuck On You**

```
(com acordes na forma de G )
Capostraste na 4ª casa
Ooh... Ooh... yeah
Okay maybe I'm shy
But usually I speak my mind
But by your side, I'm tongue tied
Sweaty palms, I turn red
You think I have no confidence
But I do, just not with you
Now... I'm singing all the words I'm scared to say
Yeah...
So forgive me
If I'm doing this all wrong
I'm trying my best in this song is to tell you
What can I do?
    Em D
I'm stuck on you
I'm hoping you feel what I do
Cause I told Mom about you, I told her
What can I do?
I'm stuck on you
   G D
                      C
And like the night sticks to the moon...
Girl... I'm stuck on you
```

```
Ooh... Ooh... Ooh... Yeah...
Look at me, perfectionist
Yeah I'm a workaholic
But on my phone, I feel at home
I don't like rules
But make my bed
Floss to keep my teeth perfect
Yeah it's true, I got issues
So... I'm singing all the words I'm scared to say
So forgive me.
If I'm doing this all wrong
I'm trying my best in this song is to tell you
What can I do?
   Em
I'm stuck on you
    G
I'm hoping you feel what I do
Cause I told Mom about you, I told her
What can I do?
 Em D
I'm stuck on you
And like the night sticks to the moon...
Girl... I'm stuck on you
    D C
Ooh... Ooh... Yeah...
I'm stuck on you
```
