Tom: G  
Intro: Am C G D

My baby came back in a big black  
My baby came back in a big black  
B|-baby came back in a big black Cadillac

She looked better than good like she once did  
You know she changed her name, Got one small kid  
My baby came back in a big black Cadillac

Black Cadillac - it seems he lost the knack  
To block my mind attack when I came back  
Black Cadillac - I?m sure he missed my touch  
I never really missed him much

She?s diggin? for gold that?s what she?s doin?  
I gotta be older than a ruin  
My baby came back in a big black Cadillac

Black Cadillac - it seems he lost the knack  
To block my mind attack when I came back  
Black Cadillac - I?m sure he missed my touch  
I never really missed him much

Black Cadillac - it seems he lost the knack

To block my mind attack when I came back  
Black Cadillac - I?m sure he missed my touch  
I never really missed him much

Someday I?ll sing and share  
My brand new song with you everywhere  
But there?s still something hangin? in the air  
A sticky love affair, bubble gum in my hair
