Intro:

I once new a girl I can't remember her name
But I remember her face cos her sister looked the same.

They both left school, but they couldn't find a job
So they said farewell and stole a small town car.

As they were riding by the beach some summer night

the radio shouted out one of those songs that might just change your life

It went like this:

"Checkin' in checkin' out
Making love I like watching all your fireworks
I like it when I light those stars in your eyes
Just like fireworks in the sky"

Yes it did.

Throwing some poems to the ports and docks
They were sleeping outdoors puching all their luck

They sent me a letter full of pills and thrills
Then they both got rich and moved to Hollywood Hills.

Yea they made lots of money playing folk guitar

Cos everywhere the boys went crazy just to hear these words of art:

[CHORUS] as before,
& harmonica solo: just play D A D A throughtout

"Checkin' in checkin' out (take it to the sky)
Making love I like watching all your fireworks
I like it when I light those stars in your eyes
Just like fireworks in the sky"

They're coming to get you
They're coming to get you now (right now)
Coming to get you now

Watch the sky!
