

# Roxette - Salvation

Tom: B

(com acordes na forma de Capotraste na 1ª casa Bb )

I can barely remember my past  
 Everything seems to disappear so fast  
 But I recall being jealous and alone  
 Gazing at the dreams going by

I started my life when you knocked on the door  
 Found something inside I didn't dare to ignore  
 Now I do believe in flowers on the moon  
 I'll swim beside the golden tide

You crashed by the gate  
 Captured my fate  
 Salvation

My eyes couldn't see  
 I hardly breathed  
 I was diving so deep  
 Salvation

I'm down in the study holding on to my luck  
 Will you still love me when I call you up?  
 I gave you my body, the power over me  
 Come on, bring out the best in me

You crashed by the gate  
 Captured my fate  
 Salvation

Salvation

My eyes couldn't see  
 I hardly breathed  
 My heart was asleep  
 Salvation  
 Some will get broken  
 Others will get lucky like me meeting you  
 Don't pass me by

Solo: Eb Bb Cm Bb Ab Cm Bb (2x)

You crashed by the gate  
 Captured my fate  
 Salvation

My eyes couldn't see  
 I hardly breathed  
 I was down on my knees  
 Salvation

Some will get broken  
 Others will get lucky like me meeting you  
 Don't pass me by  
 Don't pass me by

I found salvation, oh yea  
 You bring me salvation  
 I found salvation  
 Bring me salvation...
