

Roxette - Salvation

Tom: B

(com acordes na forma de Capotraste na 1ª casa Bb)

I can barely remember my past
 Everything seems to disappear so fast
 But I recall being jealous and alone
 Gazing at the dreams going by

I started my life when you knocked on the door
 Found something inside I didn't dare to ignore
 Now I do believe in flowers on the moon
 I'll swim beside the golden tide

You crashed by the gate
 Captured my fate
 Salvation

My eyes couldn't see
 I hardly breathed
 I was diving so deep
 Salvation

I'm down in the study holding on to my luck
 Will you still love me when I call you up?
 I gave you my body, the power over me
 Come on, bring out the best in me

You crashed by the gate
 Captured my fate
 Salvation

Salvation

My eyes couldn't see
 I hardly breathed
 My heart was asleep
 Salvation
 Some will get broken
 Others will get lucky like me meeting you
 Don't pass me by

Solo: Eb Bb Cm Bb Ab Cm Bb (2x)

You crashed by the gate
 Captured my fate
 Salvation

My eyes couldn't see
 I hardly breathed
 I was down on my knees
 Salvation

Some will get broken
 Others will get lucky like me meeting you
 Don't pass me by
 Don't pass me by

I found salvation, oh yea
 You bring me salvation
 I found salvation
 Bring me salvation...
