

# Roxette - The Voice

Tom: Db  
Intro: Bbm Ab Gb Db  
Bbm Ab Gb Ab (3x)

Verse 1:

Between the open heart and the whisper goodbye,  
There's a perfect teardrop in your eye  
Between the lover's moon and the trembling sky,  
There's a broken dream in your mind.

Chorus:

And the voice is carrying the love you have lost,  
and the change of heart in someone you trust.  
Yea the voice is carrying the love and the scars.  
Hear the lonely voice in the dark.....

Verse 2:

Between the careful touch and the breakaway kiss,  
There's a beauty you can't resist.  
Mmm, between the fall apart and the moment of bliss,  
There must be something more than this.

Chorus:

And the voice is carrying the love you have lost (the love

you have lost)  
and the change of heart in someone you trust.  
Yea the voice is carrying the love and the scars (the love and the scars)  
Hear the lonely voice in the dark.....

Instrumental:

In The dark (Hear the lonely voice) (Hear the lonely voice)

Chorus:

And the voice is carrying the love you have lost (the love you have lost)  
and the change of heart in someone you trust.  
Yea the voice is carrying the love and the scars (the love and the scars)  
Hear the lonely voice in the dark...

Oh yeah - the voice is carrying the love you have lost (the love you have lost)  
and the change of heart in someone you trust.  
Yea the voice is carrying the love and the scars (the love and the scars)  
Hear the lonely voice in the dark...

In the dark

Ending:

Lonely voice in the dark.  
Lonely voice in the dark.  
Lonely voice in the dark.  
Lonely voice in the dark.  
Lonely voice in the dark.....
