Lingers with me all night long
Born on the wind, Born on the wind

You are filling me with grief
F

A love to live, a love to give

F G E7
And you will live in my dreams

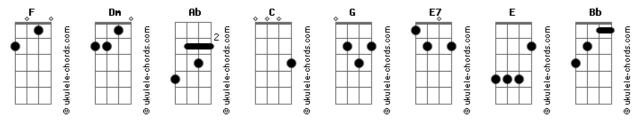

E F G F E
You don't love me, but you love for me to be in love with you.

E F G F E
You let me on, lured me on, but when I fell you were gone

Born on the wind, Born on the wind
Now a song in my heart
A soft refrain you will remain
To live in my heart again

Born on the wind, Born on the wind
