

# Roy Orbison - You May Feel Me Crying

Tom: F

F  
When we make love you know we're making love

Am C  
To everyone we've ever made love to

F  
So when you take him down inside

Bb Am C  
Just know I'm there with you

Chorus:

Dm C F  
And you may feel me crying

Dm C  
And oh, I hope you do

Gm Dm C  
I'm out there somewhere all alone with memories of you

Dm C F  
And you may feel me crying

Dm C  
While you're reaching for more  
Bb Am Gm C

I just hope someday I see you standing at my door

F  
It's something I live for

They'll fill you up, I know, with shining dreams  
It'll touch your heart, because you thrill them so  
But there's a place they'll never touch  
Just you and I can know

Chorus

Bb Am C  
There are stronger men than me

Bb Am C  
And they'll take you on a mountain

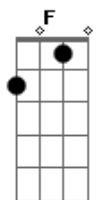

Bb  
And give you all you see

C Bb  
And you'll do what they desire

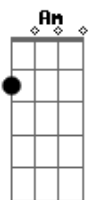

Gm C  
You were born to see how long your hand can stand the fire

Chorus
