 When we make love you know we're making love
 Am C
 To everyone we've ever made love to
 F
 So when you take him down inside
 Bb Am C
 Just know I'm there with you

Chorus:
 Dm C F
 And you may feel me crying
 Dm C
 And oh, I hope you do
 Gm Dm C
 I'm out there somewhere all alone with memories of you
 Dm C F
 And you may feel me crying
 Dm C
 While you're reaching for more
 Bb Am Gm C

I just hope someday I see you standing at my door
 F
 It's something I live for

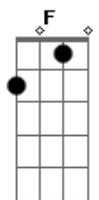

They'll fill you up, I know, with shining dreams
 It'll touch your heart, because you thrill them so
 But there's a place they'll never touch
 Just you and I can know

Chorus

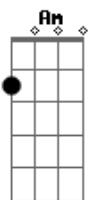

Bb Am C
 There are stronger men than me
 Bb Am C
 And they'll take you on a mountain
 Bb
 And give you all you see
 C Bb
 And you'll do what they desire
 Gm C
 You were born to see how long your hand can stand the fire
